BEST OF SHOW

TELECONNECT Product of the year **2000**

Specifications

■ **Sound Quality**
The OHP 5000 utilizes ISD Chipcorder™ technology, chosen for its superior sound quality over typical flash memory-based systems. 8KHz bandwidth provides sound quality comparable to systems with 128Kbps or better sampling rates.

■ **Input**
Built-in audio CD player or external audio-in jack

■ **Output**
8   : 4 volts peak to peak
600 : 8 volts peak to peak

■ **Memory**
Built in: 8 minutes non-volatile flash
Expansion: 16, 24 or 32 minutes

■ **Messaging**
Maximum number of messages: 31, programmable from audio CD *(99 track capability with optional additional ROM chip)*

■ **Connectors**
Audio out: RCA jack
Audio in: 3.5mm mini jack
Trigger: 2.5mm mini jack
Power: 2.5mm power jack

■ **Switches/Controls**
Power on/off
Monitor speaker on/off
Volume
Impedance 8   /600
CD Controls - Record/Preview/Track Search/Track Select

■ **Power**
12VDC @1000mA
Source 110VAC, 60Hz UL/CSA power pack

■ **Physical**
Size: 11" x 9" x 4.5" (LWD)
Weight: 4.5 lbs.

Features

● **Digital flash memory** design retains music/message content even during power loss...unit ships with preloaded audio.

● **Integrated CD mechanism** - quickly and easily record high quality audio. CD media is easy and inexpensive to duplicate and distribute.

● **CD Autoload** - drop in a CD with a single track, close the lid, and the unit automatically records the content.

● **Multi-Track Programmable** - drop in a multi-track CD and choose which tracks and in what order to record.

● **LCD Control Panel** - displays program length, time remaining in unit's memory, and unit's status.

● **Trigger switch** - unit can be triggered to start program content from the beginning with an external trigger switch.

● **HoldTracks Audio CD** - choose new, royalty-free music from a prerecorded audio CD featuring a variety of music styles.

● **CustomWorks CD-ROM** - simple-to-use on-hold audio scriptwritng software allows users to create professional-sounding custom on-hold audio scripts in minutes.

● **MessageStudio Software Compatible** - works with award-winning MessageStudio software (available separately), allowing user to create new on-hold audio content on their PC and record directly into OHP 5000's digital memory.

● **Optional Analog Phone Adapter Module** - Add music-on-hold to conventional analog and KSU-less telephones with up to 4 lines and 50 station sets. Works with all types of phones...even cordless

● **External Recording Capability** - audio input allows you to record from any external audio source.

● **Built-In Monitor Speaker** - allows user to monitor sound with the flip of a switch.

● **Wall Mountable** - unit can be mounted, played and recorded in a vertical position.

● **3-year warranty**
